

## YOUR STORIES:

United Methodist Camp and Retreat Ministries in Oregon and Idaho have been touching peoples' lives for decades. At Alton L. Collins/Camp Leewood, Latgawa, Magruder, Sawtooth, Suttle Lake, and Wallowa Lake, or on offsite adventures, generations of campers continue to gather around the campfire for a week at a time each summer, building memories that last a lifetime.

Wherever you may have found your home in camping, we would like to hear your memories and stories of how camping has touched your life. Please take a moment to tell us of an unforgettable experience, a special friendship, an encounter with the holy, or anything else that will tell us what camping has meant to you.

The stories we collect may be used in publicity materials to help us spread the word about camp and retreat ministry. Please share your witness with us, so that we can spread the good news to others!

Thank you!
